

## Cautionary Notes and Precautions

Never stand under a torque gauge in use. Equipment may fall or collapse, causing breakage and possible injury.

Keep safe distance from the load cell. Always use safety gloves, safety glasses and other protective gear.

Always keep the torque gauge and the power supply from water or other liquids.

Damaged batteries must be handled with extra care. Use rubber gloves and safety glasses. Dispose only in designated recycling centers.

Always disable charging before installing disposable batteries  
Charging non-rechargeable, alkaline batteries can be hazardous and cause damage to the torque gauge.

### CAUTION:

- The torque gauge is designed for indoor use only.
- Do not operate the torque gauge in hazardous areas or under dangerous conditions.
- Do not use the torque gauge in locations subject to high humidity or dust.
- Do not connect cables in ways other than those mentioned in this manual.
- Never stand on or lean on this product. Equipment may fall or collapse, causing breakage and possible injury.
- Before moving the product, unplug it and unplug all cables connected to it.
- When storing, transporting or returning the torque gauge for service, always use the original packaging.

### WARNING:

- Never attempt to repair, disassemble or modify the torque gauge. Tampering with the torque gauge may result in injury and cause greater damage to the equipment.
- Be sure to use the specified power source.
- Do not allow foreign matter to fall onto the torque gauge.
- If water or other liquid spills onto the torque gauge, unplug the power cord immediately and contact technical support.

- Disposal of electronic equipment in waste containers is forbidden by law.
