

# WORKSTATION

- ✓ Interfaces and Runs Pharmacy Management Software
- ✓ Takes Color Tray Images
- ✓ Captures Images of Vial Content and Label (PV2)
- ✓ Supports Telepharmacy Operations
- ✓ Identifies Incorrect Pills by Color and Shape
- ✓ Performs Back-count and Manages Inventory
- ✓ Accurately Counts Tablets, Capsules, and Most Translucent Gelcaps
- ✓ Utilizes Premium Drug Data (MediSpan®)
- ✓ Implements Track-and-Trace with GS1 Data Matrix
- ✓ Supports Bulk Counting and Inventory with Unit-of-Use
- ✓ Brand and Generic Equivalent Substitutions (GPI)
- ✓ Captures and Stores Images of Every Count in Color
- ✓ Records All Transactions
- ✓ Delivers Unmatched Speed and Precision

## All-in-one Pill Counter

The VIVID Workstation combines a high-precision pill counter with a powerful PC, enabling pharmacists to efficiently manage workflow and run the pharmacy software directly on the VIVID.

## Pharmacy Software Workstation

Effortlessly toggle between the VIVID application and the pharmacy management software. The Workstation comes complete with a keyboard and mouse, ensuring a smooth and user-friendly experience.

## Takes Images of the Tray in Color

The WORKSTATION is equipped with two powerful cameras that generate a detailed image log of every transaction, enabling easy verification that the correct pills were dispensed.

## Captures Images of Vial Content and Label

The complete image record ensures accuracy and adds an extra layer of accountability to the medication dispensing process.

## Identifies Incorrect Pills by Color and Shape

Provides an additional layer of safety by detecting varying sizes, pill fragments, and pills that have the same shape and size but differ in color.

## Thoughtful Design

### Ergonomic Configuration

Designed for maximum comfort and efficiency. Equipped with a large tilting display for easy readability and a spacious tray for increased pill counting capacity.

### 21.5" Capacitive Touch Monitor

Optically Bonded Screen for Increased Screen Contrast and Clarity.

### Versatile Connectivity

Four USB-A Ports, Ethernet, and Wi-Fi. Everything a workstation needs for connecting essential peripherals.

## Functions

- ✓ Pharmacy Software Interface
- ✓ Detection of Pill Fragments, Incorrect Shape and Color
- ✓ Premium Drug Data Access
- ✓ Track-and-Trace with GS1 Data Matrix
- ✓ Unit-of-Use
- ✓ Back-count
- ✓ Brand and Generic Substitutions (GPI)
- ✓ Exceeds 99.99% Accuracy
- ✓ (PV2) Color Image Log with Vial Label and Content
- ✓ Dual Algorithms with Count Verification

- ✓ Instant Real-Time Counting Results
- ✓ User Authentication
- ✓ Transaction Log
- ✓ Rx Verification
- ✓ Quick Count
- ✓ Narcotics Double Counts
- ✓ Single Scan
- ✓ Partial Counts Tracking
- ✓ National Drug Code Database

## Features

- ✓ Easy to Use Online Account with VIVID PLUS
- ✓ Built-in 2D Barcode Scanner
- ✓ High-Capacity Counting Surface
- ✓ Large 21.5 Industrial Grade Touch Display
- ✓ Intuitive User Interface
- ✓ Smart Semi-Automatic Shaking
- ✓ WiFi, Ethernet, and 4 USB-A Ports
- ✓ Maintenance Free
- ✓ Always Free Updates
- ✓ Premium and Accessible Design
- ✓ USP <800> Compliant

## Specifications

Counting Apparatus	Photo Optical Object Recognition
Accuracy	99.99%
Counting Surface Area	9.5" x 8"
Count Capacity	Varies by pill size
